The **Erasmus+ Programme** is an initiative launched by the European Commission to fund mobilities among EU countries and between Programme Countries (EU countries) and Partner Countries (countries from the rest of the world). It was launched for the period 2014-2020 and, every year, a new call for proposals will be open with the aim to promote socio-economic changes, the key challenges that Europe will be facing until the end of the decade and to support the implementation of the Europe 2020 strategy for growth, jobs, social equity and inclusion.

Although the Erasmus program was initially addressed only to Programme Countries (EU), in 2015, for the first time, part of the EU funding will support mobility actions between Programme Countries and Partner Countries. To this respect, the Erasmus+ Programme is designed to support Programme Countries' efforts to efficiently use the potential of Europe's human talent and social capital, while confirming the principle of lifelong learning by linking support to formal, non-formal and informal learning throughout the education, training and youth fields. The Programme also enhances the opportunities for cooperation and mobility with Partner Countries, notably in the fields of higher education and youth.
